Suit of Independent to Go to the
Supreme Court

Without a dissenting vote the Senate Monday
passed the Cummins bill providing for an ap-
peal to the Supreme Court of the United
States from the decision of the United States
Circuit Court for the Southern district of New
York approving the reorganization of the
American Tobacco Company. The bill directs
and instructs the Attorney General to appeal
the case, giving the independent tobacco
companies the right to participate in the argu-
ment before the Supreme Court.

NEW DEAL

James Carmony Is Now Manager
of Mayville Ball Team

Last night at a meeting of the Board of
Directors of the Mayville Amusement Com-
pany, the resignation of Glenn McCann as
Manager of the Mayville team was accepted,
and James Carmony was tendered the position.
Carmony is Mayville's cracker jack first
base man, and aside from his superb playing
abilities, has executive qualifications and a
head full of gray matter. In the hands of
the new Manager the team is expected to
show well up in the front.

Mayville is entitled to a good club, and it
is hoped the present team will develop all.

RECEPTION DAYS

Enjoyable Annual Feature to Occur
On Next Thursday and
Friday

Reception days in the Mayville Public
Schools will be observed Thursday and Friday
of this week, April 25th and 26th. On Thurs-
day at the First District School, Forest Ave-
nue Building and the Sixth Ward Colored
School; on Friday the Sixth Ward School, High
School Building and the Fifth Street Colored
School. A cordial invitation is extended to
the public to visit our schools on these days,
inspect the work and enjoy the special pro-
grams, which will be given in the afternoon.
May we urge as many as possible to come in
the forenoon and see the regular work of the
school in their class work?

Last year we had 820 visitors on these days,
and we hope that this year we may have even
more than last year. It is the purpose of
these days to exhibit some of the regular work
of the pupils that has been done at various
times through the school year. If we
could be assured that people would come to see
us we would not take the pains to prepare
special literary programs, but our past expe-
rience has taught us that the people will not
come unless there is some special entertain-
ment feature. However, we wish it to be dis-
tinctly understood that this is not the most
important feature of our reception days.

Practically all of the work that will be seen
on display in the various rooms is just such
work as would be done if we did not observe
this special day. Some of it perhaps is more
carefully mounted than it would otherwise be,
and some of it is put on a better quality of
paper, but our teachers have been instructed
to prepare no work for the express purpose of
display on reception day. If the public mani-
fested a greater interest in the regular work
of the school and came to visit us in larger
numbers, we would not feel the need of these
special days, but our visitors record shows
that comparatively few take the time or pains
to come to see our regular work.

Remember the days, Thursday, 25th, and
Friday, 26th. Plan your work so that you
may visit us on these days. Respectfully,

J. W. BRADY, Superintendent.

PASTOR CLARK

Speaks to Great Gathering at the
Christian Church

The several hundred men who attended
Pastor Clark's special "Men's Meeting" at the
Christian Church Sunday night all unite in at-
testing the deep religious fervor portrayed in
the Pastor's sermon on "What's the Matter
With Mayville?"

Rev. Clark took the initiative in being the
first Mayville preacher to invoke the atten-
tion of the secular world by the medium of
publicity through the local press.

The success of the meeting was fully
demonstrated and much good is sure to result
from it.

The church was packed, many women being
present.

Pugnacious Preachers

Yesterday afternoon the quietude of West
Fourth street was disturbed and a great com-
motion created among the denizens of that
part of the city by an encounter between two
colored preachers. The Reverend gentlemen

had quite a fistfight for a time, that was real
exciting while it lasted. How about that
proverb that brethren should dwell together in
harmony?

News of The Courts

COUNTY COURT.

A paper bearing date of April 21, 1909,
and purporting to be the last will and testam-
ent of Oletha Rudy, deceased, was produced
in Court, filed and execution of same was
proven by the testimony of J. F. Barbour and
James Childs, attesting witnesses thereto, and
admitted to probate. Mary C. Wisenall qual-
ified as Exe. n. r. of said decedent without bond.
J. B. Stroud qualified as Administrator of
Samantha Stroud, deceased, with J. S. Wood-
ward and Isaac Woodward were appointed to
appraise the personal property of the above
estate.

CIRCUIT COURT.

On motion of A. D. Cole, T. C. Campbell of
Vanceburg was sworn in as an Attorney at
the Mason Bar.

In the case of the American Bank against
the State Bank of Dover, on motion of plain-
tiff the case was discontinued and judgment
given for defendant's costs.

The case of Brooks against City of May-
ville was shunted out of its regular order yester-
day to give place to Judge E. C. O'Keefe and
Thomas D. Slattery for defendants and
Worthington and Cochran for plaintiff to argue
demurrer to petition in the case of Clark vs.
Rogers. The petition was overruled. It is
not known at this time whether the defend-
ants will rest their case on the demurrer and
appeal directly to the Court of Appeals or
whether they will plead further as to the
merits of the controversy. The point on

demurrer involved the construction of the
written contract under which the plaintiff, F.
H. Clark, for a number of years past has
managed the business of the Limestone Dis-
tillery for the late Lida C. Rogers. Clark is
suing for one-fourth of the net profit as es-
timated on unsold goods on hand at Mrs.
Rogers' death, \$20,000.

POLICE COURT.

Yesterday afternoon Judge John L. Whit-
aker disposed of the following cases—
Thomas Black, stabbing his wife in the
thigh with a fork, drew a \$30 prize package
that will keep him in Jail for as many days.
The hearing in the case against Perry Brad-
ley, charged with bigamy, was continued until
Thursday.

SHORT WEIGHT CHEESE

184 Separate Packages Seized by
U. S. Marshal by Court's
Order

Deputy U. S. Marshal N. I. McDaniel of
Frankfort, acting under mandate of Judge
Cochran's Federal Court has seized and con-
fiscated 184 packages of cheese bought by the
M. C. Russell Company of this city from
Crosby & Co. of Wisconsin, several weeks ago.
It is alleged that the cheese are from a
quarter to a pound short in weight each;
therefore the Court has declared them contra-
band and seized and taken possession of same,
as per advertisement in this issue of THE
PUBLIC LEDGER, which further explains the
intention of the law.

The M. C. Russell Co., is now the owner and
custodian of said cheese and has given bond
for the possession and sale of same.

May 6th is the date named for the final dis-
position of the disputed cheese.

Thrilling Recital

As in most things, Mayville shares in the
losses and grief attending them in the Titanic
disaster. The Times-Star of Saturday con-
tained an illustrated statement that Mr. and
Mrs. Lucius Smith of West Virginia, were re-

turning from their six weeks' honeymoon.
Mr. Smith gave up his life that women and
children might be saved. Mrs. Smith was
rescued by the Carpathia. The grief-stricken
bride is a daughter of Congressman Hughes
of West Virginia. Not so long ago they and

Mrs. Josie Norton of Ashland, were welcome
guests of Dr. and Mrs. A. G. Browning of this
city. A graphic, touching recital of Mrs.
Smith's experience will be found in tomorrow's
PUBLIC LEDGER.

FOR PRESIDENT,
WILLIAM HOWARD TAFT.

NOTICE TO DELINQUENTS.

Owing to the fact that many of our subscribers on the Rural routes are dropping behind in their accounts and the amounts thus continue to increase from month to month, and that a large number of them ignore our repeated demands for a settlement, we have tired of sending THE PUBLIC LEDGER this way and then realizing nothing in return. Besides, it is very expensive to us and a violation of the postal laws; therefore we will send another statement to each delinquent and then take such legal action necessary to get what is due us and at the same time meet the requirements of the Postoffice Department. Respectfully,

A. F. CURRAN.

There is a great difference between a million ton iceberg sober and a 50,000 ton ship manned by drunken sailors.

Anyhow the loss of the Titanic gave thousands of spot-lighters an opportunity to air their opinions and bask in the sunshine of publicity.

That physicians of Northern and Eastern States who send advanced and indigent consumptives to the Southwest are guilty of malpractice, was the decision of the Southwestern Conference on Tuberculosis in session at Waco, Texas.

The morning session of the Conference was devoted to a consideration of plans for ameliorating the condition of consumptive strangers in the Southwest, and resolutions calling upon the Federal Government to convert military forts and reservations into Tuberculosis hospitals were adopted.

The question of discouraging further immigration of consumptives was discussed at length. A few extremists advocated quarantine restrictions, but this suggestion was rejected by the Conference as inadvisable at this time. The advocates of publicity of the fate of poor consumptives as a deterrent of further immigration won the day, and it was decided to call upon the newspapers of the country to give publicity to the facts that there are no free hospitals for consumptives in the Southwest; that the charity organizations have no funds for the care of strangers, and that suitable work is hard to find.

The Conference decided that it was inadvisable for any consumptives to come west without funds sufficient to maintain themselves for one year, and deplored physicians who advised patients otherwise.

The Conference decided to ask all railway corporations not to sell half rate or charity tickets to the Southwest to any persons unless responsible parties guaranteed that such persons would not become public charges after reaching their destination.

ECHOES FROM THE TITANIC DISASTER

The honor bestowed on Captain Edward John Smith when he was selected to command the Titanic, and was taken from the Olympic for the purpose, was considered remarkable among steamship commanders, for it is a deep sea tradition that a captain's career is ended when

How did those wireless operators at Cape Race and Patridge Island and other points come to send out so much news that wasn't so?—Philadelphia Record.

Mr. Carnegie will have to order a big lot of medals to meet the demand made by the sinking of the Titanic. It will require hundreds of medals to reward the heirs of the heroes who died that others might live.

It was real mean of J. Bruce Ismay to save his own life. There is a wolfish objection to Ismay's daring to live, which shows that the wild and ferocious animals are not all in the Zoos and the jungles. The fact that there was no panic on the boat at first shows that thousands were lured and lulled into the false belief that the Titanic was unsinkable.

The steamer Titanic was a masterpiece of human ingenuity and strength. The fact that the greatest and most-powerful ship ever built went to the bottom because of man's carelessness, and maybe, drunkenness, does not take a dot from the merits of the magnificent floating palace. Had the Titanic ran head-on into the rock of Gibraltar we doubt if she would have gone down to Davy Jones' locker any quicker than she did.

When Mr. Taft calls attention to the fact that even with a full vote of the country a man who receives a majority of the electorate receives the votes of but a small fraction of the people, Mr. Roosevelt sneers that Mr. Taft favors a government of the people for the people by a few of the people. But when Mr. Roosevelt receives a majority of the Republican vote in Pennsylvania—the whole vote being not more than fifty per cent of the vote of that party alone—it is an "overwhelming demand of the people" that Mr. Roosevelt shall break all the traditions of the country, as well as his own word, and take up the reins of government again.—Courier Journal.

Reflections of a Bachelor.

All the world loves a lover, but he loves himself a heap sight more.

A man knows he has a very sweet temper not to have it any uglier than it is.

It's easy enough for a girl to love a man if everybody tries to keep her from it.

No woman ever got to be so old that she forgot how beautifully she danced when she was a girl.

OUR OWN MASS MEETING.

"You are workingmen, my friends."
"Hooray!"
"You are the bulwarks of the nation."
"Hooray!"
"You are the men behind prosperity."
"Hooray!"
"As I said, you are workingmen."
"Hooray!"
"You are honest workingmen."
"Hooray!"
"And being workingmen, you must work—"
"Put him out! Take him off! Put him out! Get the book!"

Smith when he was selected to command the Titanic, and was taken from the Olympic for the purpose, was considered remarkable among steamship commanders, for it is a deep sea tradition that a captain's career is ended when

his vessel meets with serious mishap. The Olympic has twice met with misfortune with Captain Smith as her commander, but the White Star Company felt that it was justified in placing every reliance on the man who has ruled over the finest steamships in the world.

There went down with the great White Star liner a flock of "buzzards of the sea," human vampires who preyed on the passengers crossing the Atlantic, men whose mission in life inspired Wilson Mizner's play, "The Greyhound." It is known that at least a score of these harpies were on board the lost ocean liner.

Maysville Looming Up As Big Tobacco Market

Maysville Cor. Lexington Herald.

The Maysville tobacco market is drawing to a close, although sales will be held at all houses on the local market up to and including April 30, 1912. The Farmers and Planters have sold up to date 15,194,695 pounds of tobacco, and the Independent has sold 4,200,000 pounds, making the sales to date 19,394,695 pounds.

The Farmers and Planters are in receipt of communication from Missouri, asking that they remain open until several cars intended for their houses can reach here. The parties have been notified the market will close on the date mentioned above, and that their shipments will be taken care of should they arrive before that date.

The houses are remaining open until the 1st of May, in order to give their customers the opportunity of disposing of what tobacco they have left.

Other work on the farm, and the coming of warm weather, will naturally force a closing of the loose leaf markets.

Tobacco plants are up and flourishing, with the prospects of a large crop the coming season, judging from reports from all sections.

The handsome receipts and sales, largely increased over last year, give evidence of the Maysville market becoming one of the largest loose leaf markets in the country.

Four or five new turnpikes will be built in Robertson county within the next few years.

A persimmon tree is reported at Chambers with perfectly preserved fruit on it the year round.

We Want to Say a Word in Regard to Our Method of Doing Business

We have been asked many times the secret of our success, growing, as we have, to be Maysville's Foremost Clothiers in so short a time, and the reason is one which we so often say: "Absolute Satisfaction or Your Money Back." Many other reasons enter into our success, selling always the latest style, perfect fitting garments at right prices. Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles. Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint. I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women. It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

Bowels are Basis of Child Health

The careful mother, who watches closely the physical peculiarities of her children, will soon discover that the most important thing in connection with a child's constant good health is to keep the bowels regularly open. Stagnant bowels will be followed by loss of appetite, restlessness during sleep, irritability and a dozen and one similar evidences of physical disorder.

At the first sign of such disorder give the child a teaspoonful of Dr. Caldwell's Syrup Pepsin at night on retiring and repeat the dose the following night if necessary—more than that will scarcely be needed. You will find that the child will recover its accustomed good spirits at once and will eat and sleep normally. This remedy is a vast improvement over salts, cathartics, laxative waters and similar things, which are altogether

too powerful for a child. The homes of Mrs. Carrie McDonald, 1034 Trigg Ave., Memphis, Tenn., and Mrs. Sallie E. Griffith, Veechdale, Ky., are always supplied with Dr. Caldwell's Syrup Pepsin, and with them, as with thousands of others, there is no substitute for this grand laxative. It is really more than a laxative, for it contains superior tonic properties which help to tone and strengthen the stomach, liver and bowels so that after a brief use of it all laxatives can be dispensed with and nature will do its own work. Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

It may have been that drunkenness was the cause of the Titanic accident. Louis Klein, one of the rescued sailors, declares on oath that the lookout in the crow's nest was asleep when the ship struck; that the members of the crew, on and off watch, were intoxicated from drinking champagne which had been passed out to them by stewards who were serving it to a dinner party in a cabin.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For years past many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They cure hundreds of dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. DOCTORS ADVISE OPERATIONS

Saved by Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn.—"For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles."—Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md.—"My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work."—Mrs. J. R. PICKING, 1260 Sargeant St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

EYE-GLASS
SPECIALISTS

There are very few people who do an exclusive eye-glass business. Most people who sell glasses give their time and attention to some other calling and only fit glasses when they have nothing else to do. We have no side line. We do nothing but examine eyes for errors of refraction and make good glasses to correct any error that can be corrected with glasses. If we tried to do a dozen different things we couldn't learn any one of them thoroughly.
